From The Old And Familiar To The Fresh And New

By: Dan Cowart, President/Founder of Audio Outreach
International (www.audio-outreach.com)

As we come to the end of 2007, we end a cycle of years that shall represent the old and familiar and as we begin 2008, we start a cycle of years that shall be known as the FRESH and NEW.

Our world and our nation is about to change. As we continue to be attacked by an enemy that seeks to kill, steal and destroy all that we hold dear and many of our nation's leaders continue to push for a government that is Godless without spiritual direction and moral values, God is sending a FRESH, NEW sound into the earth. Acts 2:17 says, that *“in the last days, he will pour out his Spirit upon all flesh, and your sons and daughters shall PROPHECY”*.

In Hebrews 4:12, God's WORD declares that *“his WORD is QUICK, and POWERFUL, and SHARPER than any two edged sword, piercing even to the dividing asunder of soul and Spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the HEART.”*

Our nation will elect a NEW President this year. This election, I believe shall be one of the most important elections in our history. Everything is naked and open unto the eyes of the LORD. God is currently considering the thoughts and intent of our heart as a Nation. What we do and why we do what we do is critical to our future.

Those of us who are called into the Inspirational Country music industry in whatever capacity must understand that our music has within it, the answers to our national struggles regarding where God fits into our culture. We believe and our music communicates that our relationship with God must be our priority.

This reminds me of the scripture in Galatians 5:9 — *“A little leaven leaveneth the whole lump”*. *It doesn't take much embracing of WICKEDNESS and the enemy can legally rush in like a flood.”*

I tell people all the time that we are only one bad decision away from destruction. I think that when you study

scripture, you will find that this is a consistent picture of history. God will stand aside while the enemy of destruction moves in because

WICKEDNESS was allowed to rise up to such a level that God's righteous hedge of protection was legally breached giving the enemy place to unleash his destructive acts.

We are living in a time in our nation where many are looking to everything but God for salvation, deliverance and provision. We must remember that our CREATOR is a jealous God and one of the first commandments he gave us was *“We shall have no other Gods before him.”* (Exd. 20:3) If we do not repent as a nation and quit looking to our government for what we should be looking to God to provide, we could find our Nation in real trouble. PRAY that we each consider the times and judge ourselves, repent as needed and turn back to God so that he will hear our cry and bring healing to our land. Keep supporting those who God has raised up to lead the charge in developing and creating the Inspirational Country music platform that God is using to send this new sound into the earth to plow the fallow ground, plant seeds of life and bring change to our world. Lets not forget the things that God has said in days of OLD, and PRAY that we don't hold the OLD and FAMILIAR so tight that we fail to embrace the FRESH and NEW. **Happy New Year.**

God Bless America as we surrender to his will and purpose. Lets keep sending direction and hope to our nation through the greatest music in the world.
